## UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR HOLDERS OF USIB-D-46.4/3

SUBJECT : Study of Requirements for Image Forming  
Satellite Reconnaissance Responsive to Warning  
Indications Needs

REFERENCE : Memorandum for Holders of USIB-D-46.4/3,  
21 March 1969, Limited Distribution

1. The reference Memorandum for Holders of USIB-D-46.4/3 circulated to the Board and referred to COMIREX a memorandum on this subject from the Director, National Reconnaissance Office (NRO) and an attached staff study. This study as originally received from NRO carried the control number of [REDACTED]

2. The enclosed memorandum from the Director, NRO Staff, forwards an addendum which provides additional data based on subsequent developments that is considered to be more representative of projected solid state technology than the data contained in the original report.

3. Accordingly, the enclosed memorandum and its attachment are circulated herewith for insertion in all copies of the reference.

MEMORANDUM FOR HOLDERS OF

25X1A

SUBJECT: Addendum

25X1D

Since a study is presently underway to develop a readout program recommendation to the ExCom, a complete rewrite of the document is not justified; rather, a one page addendum has been prepared based on the CIA/OSP data cited above and is forwarded herewith for insertion into the report. Users of the report should consider the addendum to be more representative of projected solid state technology than the data contained in the original report.
